### Welcome New Coronado Chapter President LCDR Jim Clenney, USN (Ret.)

\*\*\*\*\*

Your BOD suspects that some of the members don't attend our dinners because they can't drive at night. We are considering having a small pool of volunteers that are willing to pick up these members. Let any of our board members know if you are willing to help provide this service.

Let us all work to grow the Chapter in **2022!**

**PRESIDENT**

**JAMES CLENNEY**  
**LCDR, USN (Ret.)**

Thank you to Immediate Past President Tom Day for including us in the past four years in his life of service.

His leadership has been outstanding! The Chapter is going in a positive direction and members can comfortably have confidence in the Chapter’s management foundation. I also am thankful for Fran Kosinski. She served the chapter and her community in many outstanding ways. Most recently she served MOAA Coronado as the 1<sup>st</sup> VP in 2018-2019. She served us all, in big ways and small. We will miss her.

You should know that your 2021 Chapter goals were characteristically met. Achieved through the actions of individual members of the Chapter. There is no way that the new Arizona tax exemption for retired military personnel could have been made law without the organized input of individuals like us. Without you, I sincerely doubt if we could be a group that is able to give thousands of dollars in educational scholarships per year. These accomplishments were, in no small part, due to the hard work of your Directors and Deputy Directors. I thank them for their hard work. I have developed personal goals regarding my time as Chapter President. In the coming years I hope to improve my understanding regarding MOAA’s (online, electronic, and hard copy) educational and advisory resources. I hope to improve my spouse’s knowledge and understanding of her (or my) future rights and benefits as a Surviving Spouse. I plan to learn more about public communication and social media. I pledge to do my best as your President to enhance communication with members, increase informational outreach with non-members, and increase our members’ potential influence on lawmakers. To enhance communication, I will ask the Board to create a system of “advisor members” to assist the Director’s in their administration of the various goals. The Board will discuss Chapter mission and goals in the next month’s and determine measurable goals. Communicate (to your Board members or Officers) your recommended goals for our Chapter to accomplish in 2022 and beyond.

Your Chapter needs your support. I need your physical and consultative support. Consider how YOU and your fellows (whether a current or a prospective

member) can help the Chapter accomplish our collective goals in our community. I ask you to consider your service. What are you best at? Do you know someone who would be great at something the Chapter is doing? What is comfortable for you to do? How much time can you offer to help your Chapter? your community?

Thank You for your confidence in the Chapter and me. Thank you for your membership in MOAA and Coronado Chapter and the Southeast Arizona community-at-large. I ask for your prayers, support, and guidance to successfully steer us through the next two years.

Jim

**LEGISLATIVE AFFAIRS**

**CDR Merle L. Kilpatrick, USNR (Retired)**

**MOAA’s Priorities for the New Year 2022: Second Session of the 117<sup>th</sup> Congress.**

As we head into the second session of the 117<sup>th</sup> Congress, please take note of MOAA’s legislative priorities listed below.

For 2022, MOAA is continuing the momentum established over the previous year to carry the efforts into the second session of Congress. It is important to note all co-sponsors carry over, as do your messages and continued engagements.

Continuity and consistency of effort will be paramount to success – and MOAA is closing in on many of these issues so stay plugged in and ready to engage your legislators.

There are other issues not listed below that are also being worked by full staff of MOAA lobbyists. The priorities will be shaped throughout the year depending on concurrent successes or emerging issues that warrant an all-hands approach. We appreciate your grassroots efforts which shore up all the work MOAA is doing in the Capitol region. Thursday’s email with MOAA Legislative issues will address these concerns over the following months:

- **Sustain pay raises and adequate BAH for the troops and COLA raises for retirees.**
- **Ensure the Coast Guard, National Oceanic and Atmospheric Administration and Public Health Service continue to receive pay during a government shutdown.**
- **Protect the value of the military health care benefit.**
- **Protect the MHS pharmacy benefit and achieve flexibility in TRICARE pharmacy co-pays.**

- **Address barriers to accessing care within the MHS, including TRICARE coverage gaps and mental health care access challenges.**
- **Protect family support programs and ensure military-provided services (housing, PCS, child care, youth programs, financial counseling) are readily available and meet standards for quality and costs.**
- **Achieve equity of benefits, protections, and administrative support for Guard/Reserve members consistent with their active-duty counterparts.**
- **Sustain Veterans Health Administration (VHA) foundational missions and services.**
- **Reform the presumptive process to support veterans claiming service-connected disabilities for toxic exposures.**
- **Achieve concurrent receipt of service-earned retirement pay and VA disability pay.**
- **Protect full military honors and burial at Arlington National Cemetery for those currently eligible.**
- **Improve survivors’ benefits.**
- **Recognize the pandemic continues to effect lives of our service members.**

**The Alert**

Where were you when you heard the words, "The liberation of Kuwait has begun?" As military people, our

lives are punctuated with moments such as these.

When I heard those words, the months of waiting were over. I was afraid, yet exhilarated, full of dread, and filled with pride. On January 17, 1991, justice and liberty began their march forward, hand-in-hand with the thunder and lightning of our great Desert Storm.

Last minute pleas for peace had been scorned by President Saddam Hussein. The armies of the Mid-east were on high alert, but as the deadline passed, nothing happened. We waited. And waited. Finally, at 1:00 am, I could stay awake no longer. I went to bed vaguely disappointed.

Next day, I drove the kids to school as normal before resuming my TV-side vigil, but, after 40 hours on alert, I pulled myself away from the television and drove our 15-year-old son James to school for an exam. While waiting for him, I stopped by a feed store and bought a fluorescent green halter and lead rope requested by our daughter Jodi, age 12, for her pony Ginger. I was pleased at Jodi's deepening interest in Ginger - perhaps it would keep her mind off her Daddy's absence.

No sooner had I returned home with James after his test than it was time to hurry to Jodi's very first basketball game, which Tom would sadly miss. The other team walked away with the victory. I squeezed in a short trip to the PX, then, upon returning to my car at 4:55 pm, I learned the first aircraft and missiles had taken off from Dhahran, Saudi Arabia.

CENTCOM confirmed the war had begun.

A few moments later, Press Secretary Marlin Fitzwater announced, "The liberation of Kuwait as begun." Since 5:00 pm (MST), we had been engaging targets in both Iraq and Kuwait under a new code name, Operation Desert Storm. Oh, the images the name inspired! From land, sea, and the air, our brave young men and women would provide the thunder and lightning for a great Desert Storm.

**SCHOLARSHIPS**

**Susan Atchison-Day, Ed.D.**

**YOU ARE CORDIALLY INVITED . . .**

to the 2022 Scholarship Awards dinner on Thursday, April 21, 2022, at the Pueblo del Sol Country Club, in Sierra Vista, Arizona. Sign in begins at 6pm and supper follows at 6:30pm, at \$26 per plate.

After two years' interruption, you will again be able to share a table with our exciting young scholars and their parents. Two years ago, when COVID was believed to be a short-lived problem, I personally delivered scholarships to recipients and their families - at socially acceptable distances - on streets, in drive-ways, patios, and living rooms. Last year, we met our awardees in a Zoom Meeting, learning about their achievements through pre-recorded presentations prepared in advance by each.

Now, finally, we will again be able share in their exciting dreams for the future, face to face. In turn, they will be able to personally thank the many generous MOAA members who have made these scholarships possible. Please put this very special dinner on your calendars today. Set aside this special meeting now. Let's make this a celebration that MOAA and the Scholarship Program have made it through the age of COVID and continue on looking forward to participating in the academic success of many more scholars in the future.
